Imposition of Charges

3. The Council of the Resort Municipality of Whistler hereby imposes, subject to Section 7, the charges for municipal recreation works and services set out in Schedule “A” to this Bylaw on all land and improvements in the Municipality except that area of the Municipality identified in Schedule “B” attached to and forming part of this Bylaw.

Charging Events

4. The charges imposed by Section 3 shall be paid by the owner and collected by the Municipality each time the following charging events occur:
 - (a) approval is granted for subdivision of land zoned to allow Class A or Class B development, other than strata subdivision of a building under the Condominium Act;
 - (b) a building permit is issued for Class A, Class B, Class C or Class D development;
 - (c) two or more building permits are issued for a building within any three year period, which permits in combination authorize an extension or reconstruction under this Bylaw; or
 - (d) over three (3) years have passed since an exemption from charges was allowed pursuant to paragraph 6(e) of this Bylaw and the units continue to be occupied.
5. Charges imposed pursuant to this Bylaw:

- (a) shall be collected notwithstanding that another charging event previously occurred and no charge or only part of a charge was collected at that time;
- (b) when payable upon subdivision shall be in respect of the total number of parcels in the proposed subdivision, and if the land to be subdivided is zoned to permit more than one class of development under this Bylaw, shall be based on the class yielding the highest payment unless a covenant under Section 219 of the Land Title Act is registered limiting development to a specified class; and
- (c) when based on gross floor area shall be confirmed as to amount, and adjusted as necessary, with reference to gross floor area actually constructed, added or reconstructed, prior to the issuance of an occupancy permit.

Exemptions from Charges

- 6. Notwithstanding any other provision of this Bylaw, no charges are payable pursuant to this Bylaw:
 - (a) in respect of development of land owned or controlled by the Municipality for non-residential purposes;
 - (b) in respect of any development undertaken directly by the Whistler Resort Association for the purposes of encouraging development, maintenance and operation of resort land pursuant to Section 14 of the Resort Municipality of Whistler Act, excluding any development for commercial purposes or for the purpose of producing revenue, directly or indirectly, from non-members of the Whistler Resort Association;
 - (c) when a charge under a Recreation Works Charge Bylaw has previously been collected for that parcel, to the extent of the development reflected in the previous charge;
 - (d) in respect of any development of residential accommodation units which are subject to restrictions, on title, requiring both occupation of the units by employees only and removal of the units, from the land, within three (3) years from the date that an occupancy permit is granted by the Municipal Building Department; or
 - (e) in respect of any development of real estate trailers that are approved, by the Municipality, for occupation for a limited time period (not to exceed one year) and where the Municipality holds security guaranteeing removal of the structure after the specified period of time.

Deferral of Charges

7.

- (a) Payment of charges arising from the construction of employee bed units may be deferred for up to one year from the charging event, provided that the charges will become payable immediately upon the earlier of issuance of an occupancy permit or any transfer of title to the parcel.
- (b) Charges may only be deferred under this section if:
 - (i) an irrevocable, unconditional letter of credit issued by a Schedule A or Schedule B Canadian chartered bank in the full amount of the deferred charges is posted with the Municipality as security for payment of the charge; or
 - (ii) a non-refundable cash deposit is remitted to the Municipality in the amount of 100% of the charges payable, for which interest will be paid to the owner at Royal Bank prime rate less 2%.
- (c) Charges which are deferred under this section shall be excluded from the total works and service charges for the purpose of installment payments under Section 8 of this Bylaw.

Installment Payments

8. Where the sum of all works and services charges imposed by the Municipality upon a charging event exceeds \$50,000.00 and a letter of credit in the amount of two-thirds of all charges owing is deposited with the Municipality, actual payment of charges imposed by this Bylaw may be made by installments, without interest, as follows:
- (a) an initial payment of 1/3 of the charge at the time of the charging event;
 - (b) payment of a further 1/3 of the charge within one year of the date of the initial payment; and
 - (c) payment of the remaining 1/3 of the charge within two years of the date of the initial payment

provided that all unpaid charges shall be immediately due and payable and the letter of credit may be drawn down by the Municipality, on transfer of title to all or part of a parcel in respect of which the letter of credit has been deposited.

Non-Refundability

9. Under no circumstances shall any charges collected pursuant to this Bylaw be refunded. When an approved subdivision plan is not deposited or no construction is commenced pursuant to an approved building permit, charges collected shall be credited towards charges payable for that parcel on a future charging event.

Use of Charges

10. Charges collected under this Bylaw shall be deposited in a reserve account for municipal recreation works and services and shall be used for providing, constructing,

altering, expanding or replacing municipal recreation works and services including payment of principal and interest on existing or new debt incurred by the Municipality in providing these works and services.

11. Charges collected under this Bylaw may be used by the Municipality for any purpose directly or indirectly related to municipal recreation works and services regardless of whether such use results in any ascertainable benefit to the parcel or building in respect of which the charges were paid.
12. Money deposited in a reserve account established under Section 10 may be used for temporarily financing any capital or operating purposes of the Municipality and shall be repaid to the reserve account together with interest at the prime rate of interest offered from time to time on loans by the Royal Bank at the time of withdrawal from the reserve account, less 3% per annum.

Severance

13. If any portion of this Bylaw is held invalid by a court, the invalid portion shall be severed and the invalidity shall not affect the validity of the remainder of the Bylaw.
