<sup>1</sup>Three large (11" x 17") architectural plans shall be scaled drawings identifying in detail the features of the establishment, including kitchen/food supply areas, liquor service bars, stages, dance floors, entertainment, props, games and dedicated games areas, seating and furniture layout, washrooms, exiting and locations of exiting signage, and all structural features such as pony walls, stairs, etc. (Refer to LCLB Plans Approval requirements).

<sup>2</sup>Person capacity is the number of persons that may occupy the total designated area. The total designated area excludes rooms or areas into which the public is not expected to enter, such as mechanical rooms, kitchens, storage rooms. Also excluded are common use areas such as dance floors, washrooms, corridors and exits where the same occupants as those calculated in the designated area may be expected to enter.

<sup>3</sup>The maximum potential occupant loads shall be calculated at 1.2 square metres per person for areas with seating and tables and 0.95 square metres per person for standing space. If different occupant load ratios are being applied to different areas, clearly indicate the areas and the ratio being used.
