

# Table topic: Other Medium and Long-term Strategy and Action Ideas

## **Draft Medium Term Actions:**

- Develop and implement a multi-faceted communication plans on using local/regional public transit services as an affordable, viable, and easy-to-use option
- Bring back passenger trains from North Vancouver to Whistler

## **Draft Long Term Actions:**

- Determine and create development limit regulations in Whistler
  - Encourage strong legislation to manage growth in the Regional Growth Strategy. Identify and implement strategies to ensure great visitor experiences as the resort continues to develop
- Implement strategic road infrastructure improvements
  - Explore changes to Village road network
  - Explore road connection from Spring Creek to Bayshores
- Continue to explore the feasibility of a regional airport
- Explore the possibility of implementing other modes
  - Make full use of technology changes like driverless cars, such as encouraging Google/Uber to pilot their cars
  - Ground level gondola paralleling Highway 99 with walk on/off stops along the way (free to locals during the week, free parking to visitors on weekends at Cheakamus to encourage destinations travelers to not bring vehicles into village
- Work with stratas and private parking lots to provide recharge locations for electric vehicles.
