ACKNOWLEDGEMENT OF OWNER OR OWNER'S AGENT

(NOTE: An agent may not apply for or obtain a building permit on behalf of an owner without having provided a written authorization by the owner, in the form provided by the Resort Municipality of Whistler for that purpose.)

I acknowledge that the owner of the land in respect of which this permit is issued is solely responsible for carrying out the work authorized by this permit in accordance with the Building Code and other applicable laws respecting safety.

I acknowledge that the Resort Municipality of Whistler provides a limited monitoring service in relation to building construction and does not, by accepting or reviewing plans, inspection construction, monitoring the inspection of construction by others, or issuing building or occupancy permits, make any representation or give any assurance that the construction authorized by this permit complies in every or any respect with the Building Code or any other applicable laws respecting safety.

If the Resort Municipality has so indicated on this permit, I acknowledge that the Resort Municipality has issued the permit in reliance on certification of a registered professional, engaged by me to provide such a certification, that the plans for the work authorized by the permit comply with the Building Code and other applicable enactments, and that the fee for the permit has been accordingly reduced. I acknowledge that the Resort Municipality, by issuing this permit or any occupancy permit, makes no representations to my or any other person as to any such compliance.

If I am executing this acknowledgement as the agent of the owner, I represent to the Resort Municipality that:

- I am authorized by the owner to receive this permit and make these acknowledgements on the owner's behalf; and
- The owner is aware that the owner is solely responsible for carrying out the work authorized by this permit in accordance with the Building Code and other applicable laws respecting safety.

The *Strata Property Act* requires that permission from a Strata Corporation be obtained whenever construction affects Common Property. Written approval from the Strata Corporation is required whenever the proposed work involves Common Property or Limited Common Property.

"common property" means

(a) that part of the land and buildings shown on a strata plan that is not part of a strata lot, and

(b) pipes, wires, cables, chutes, ducts and other facilities for the passage or provision of water, sewage, drainage, gas, oil, electricity, telephone, radio, television, garbage, heating and cooling systems, or other similar services, if they are located

(i) within a floor, wall or ceiling that forms a boundary

(A) between a strata lot and another strata lot,

(B) between a strata lot and the common property, or

(C) between a strata lot or common property and another parcel of land, or

(ii) wholly or partially within a strata lot, if they are capable of being and intended to be used in connection with the enjoyment of another strata lot or the common property;

"limited common property" means common property designated for the exclusive use of the owners of one or more strata lots;

WCB Hazardous Materials Sampling Requirements:

WCB - Bulk Material Sample Collection Guide:

Type of material	Size of area of homogeneous material	Minimum number of bulk material samples to be collected*
Surfacing materials, including textured coatings, drywall mud, plasters, and stucco	less than 90 square metres (approx. 1,000 square feet)	At least 3 samples of each type of surfacing material
	between 90 square metres and 450 square metres (approx. 5,000 square feet)	At least 5 samples of each type of surfacing material
	greater than 450 square metres	At least 7 samples of each type of surfacing material
Sprayed insulation and blown-in insulation, including sprayed fireproofing and vermiculite insulation (including vermiculite insulation within concrete masonry units — CMUs)	less than 90 square metres (approx. 1,000 square feet)	At least 3 samples
	between 90 square metres and 450 square metres (approx. 5,000 square feet)	At least 5 samples
	greater than 450 square metres	At least 7 samples
Flooring, including vinyl sheet flooring (and backing) and floor tiles	Any size	At least 1 sample per flooring type in each room (and 1 from each layer of flooring)
Mechanical insulation, including duct taping, pipe insulation, elbows, and boiler/tank insulation	Any size	At least 3 samples per house or mechanical or boiler room
Mastics and putty, including duct mastic (around penetrations) and window putty	Any size	At least 3 samples per house or mechanical or boiler room
Roofing materials, including felting and shingles	less than 90 square metres (approx. 1,000 square feet)	At least 1 sample (each layer of material must be sampled)
	between 90 square metres and 450 square metres (approx. 5,000 square feet)	At least 2 samples (each layer of material must be sampled)
	greater than 450 square metres	At least 3 samples (each layer of material must be sampled)
Asbestos cement (transite) board and pipe	Any size	At least 1 sample
Other materials	Any size	At least 1 sample per type of material

* If the material is assumed to contain asbestos then samples do not have to be collected. The professional judgment of a qualified person can be used to reduce the number of bulk samples of homogeneous materials. If fewer samples than the minimum recommended number are collected, the surveyor should document the rationale for his/her position in the survey report.
